Postgraduate Class Routine: October'24

BUET-Japan Institute of Disaster Prevention and Urban Safety (BUET-JIDPUS) Commencing from 24 May 2025

		Saturd	av.	Sun	Sunday Commencing from 24 May				iesday		Wednesday	
Degree Name	Room	1 2		Sunday 1 2		1 2		1 2		1	1 2	
		02:30-05:30	05:30- 08:30	02:30-05:30	05:30-08:30	02:30-05:30	05:30-08:30	02:30-05:30	05:30-08:30	02:30- 05:30	05:30-08:30	
M.Sc. Engg (DRR)	Classroom (1st floor)				DP 6005 Wind Induced Disaster Mitigation		DP 6403 Geotechnical Application of Slope Protection, Settlement Control & Erosion Control		DP 6013 Urban Fire Hazard Mitigation and Safety Planning		DP 6201 Flood Control and Mitigation	
	Classroom (2nd floor)			DP 6101 Structural Aspects of Earthquake Resistant Design		DP 6003 Remote sensing and GIS for Disaster Mitigation		DP 6001 Multi Hazard Risk Assessment and Mitigation				
M. Engg (DRR)	Classroom (1st floor)				DP 6005 Wind Induced Disaster Mitigation		DP 6403 Geotechnical Application of Slope Protection, Settlement Control & Erosion Control		DP 6013 Urban Fire Hazard Mitigation and Safety Planning		DP 6201 Flood Control and Mitigation	
	Classroom (2nd floor)			DP 6101 Structural Aspects of Earthquake Resistant Design		DP 6003 Remote sensing and GIS for Disaster Mitigation		DP 6001 Multi Hazard Risk Assessment and Mitigation				
M.Sc. (DRR)	Classroom (1st floor)								DP 6013 Urban Fire Hazard Mitigation and Safety Planning			
	Classroom (2nd floor)					DP 6003 Remote sensing and GIS for Disaster Mitigation		DP 6001 Multi Hazard Risk Assessment and Mitigation			DP 6201 Flood Control and Mitigation
